# UNIQUE & LOVELY

## Do-It-Yourself Guide

How to *Tie-Dye* with *Spray Paint*

# What You'll Need:

**Tulip® ColorShot  
Fabric Spray**

**Unique & Lovely T-shirt,  
Crewneck or Hoodie**

**Covered Work  
Surface**

**Iron  
(Optional)**

# What to Do:

*Make sure you are spray painting in a well ventilated area.*

## STEP 1

Place your shirt on the table and fold your shirt in the desired pattern. Click the folding techniques below to see the different patterns:

[Spiral Fold](#)

[Crumple Fold\\*](#)

[Accordion Fold](#)

[Wedge Fold](#)

*\*The crumple folding method is commonly used in my TikTok videos*

## STEP 2 (Optional)

If you want your folds to be crisp, you can use a hot iron to press the folds on both sides of your shirt.

## STEP 3

Spray your shirt with the fabric spray paint of your choosing. Allow the shirt to dry and then carefully flip your shirt over and spray the other side.

## STEP 4

Allow the shirt to dry some more before unfolding. You can also hang your shirt up to let it dry. Total drying time depends on the amount of paint applied to the shirt.

***Enjoy your tie-dyed shirt!***

# Aftercare Instructions

*It is important to follow appropriate aftercare instructions to prolong the life of your newly spray painted shirt.*

- Wait **AT LEAST 72 hours** before washing your newly spray painted garment
- Turn garment inside out before placing it/them in the washing machine
- Do not use fabric softener when washing your spray painted garment
- Run the washer on the gentle cycle using cold water
- When possible, air dry your garment. If unable to air dry, place in the dryer on a medium or low heat setting
